

3rd CECOG Thoracic Oncology Academy

March 27 -28, 2020
Belgrade, Radisson Blue Old Mill

Meeting Presidency:

T. Cufer (Ljubljana)
D. Radosavljevic (Beograd)

Topics:

Non-small cell lung cancer
Small cell lung cancer
Malignant pleural mesothelioma

Friday March 27th

08:00 Registration and Coffee

08:45-08:50 Welcome address (C. Zielinski)
08:50-09:00 Introduction to CECOG (Ch. Thallinger)

Update lung cancer screening, diagnostics and staging

Chairs: A. Marusic, Zagreb; S. Popevic, Belgrade

09:00-09:20 Screening- lessons learned from NLST and NELSON
A. Marusic, Zagreb
09:20-09:40 Molecular profiling – individualizing treatment
I. Kern, Golnik
09:40-10:00 State of the art: diagnostics and staging 2019
B. Zaric, Novi Sad
10:00-10:20 Case presentations (1): diagnosis and staging (participant from Novi Sad)

10:20-10:40 Coffee break

Early stage lung cancer

Chairs: MA. Hoda, Vienna; M. Ercegovic, Belgrade

10:40-11:00 Endoscopic treatment – a way to go in the future?
A. Rozman, Golnik
11:00-11:20 Minimal invasive surgical options 2020 (VATS & RATS)
V. Cesarec, Zagreb
11:20-11:40 Stereotactic body radioablative treatment- what's possible?
T. Arsenijevic, Belgrade
11:40-12:00 Adjuvant systemic therapy
T. Cufer, Golnik

12:00–12:15 Case presentation: local treatment (participant from Belgrade – SBRT)

12:15–13:15 Lunch break

Multimodality treatment approaches in locally advanced patients

Chairs: D. Jovanovic, Belgrade; K. Stanic, Ljubljana

13:15– 13:40 Neoadjuvant treatment: the emerging role of immunotherapy

C. Zielinski, Vienna

13:40–14:00 Radiotherapy in the neoadjuvant and adjuvant settings

J. But Hadzic, Ljubljana

14:00–14:20 Modern surgery for locally advanced disease

I. Kuhajda, Novi Sad

14:20 –14:50 Case presentations (2): locally advanced disease – operable multimodality case incl. IO (K. Sinn, Vienna) , Stage IIIB – non operable management (participant from Golnik)

14:50 – 15:10 Coffee break

SCLC & metastatic NSCLC: recent advances and state of the art

Chairs: N. Secen, Novi Sad

15:10 –15:30 Molecular targets and immunotherapy targets in SCLC

J. Spasic, Belgrade

15:30–15:50 Does surgery have a role in SCLC?

T. Klikovits, Vienna

15:50–16:10 Current and new protocols for treatment of metastatic NSCLC

D. Radosavljevic, Belgrade

16:10–16:30 Current and new protocols for treatment of SCLC patients

including IO

M. Stanetic, Banja Luka

16:30–16:50 Palliative and Supportive Care in metastatic lung cancer

T. Kovacevic, Novi Sad

16:50–17:05 Case presentation: metastatic NSCLC (participant from Belgrade, Clinical Center)

17:05 – 17:20 Coffee break

17:20 – 18:20 Satellite Symposium (Roche)

Chair: T. Cufer

TBD

18:20 – 18:40 Satellite Symposium (Takeda)

Chair: TBD

ALTA 1L clinical trial update (2nd interim analysis) for brigatinib in the first line treatment of patients with ALK+ NSCLC (TBD)

19:30 Dinner (faculty + participants)

Saturday March 28th

Chairs: M. Jakopovic, Zagreb; MA Hoda, Vienna

Malignant Pleural Mesothelioma – any news?

09:00–09:20	Molecular Epidemiology of Mesothelioma Lynnette Fernandez-Cuesta, Lyon
09:20 –09:40	Systemic options for MPM: current practice M. Jakopovic, Zagreb
09:40–10:00	Is radiotherapy still justified in MPM? K. Dieckmann, Vienna
10:00– 10:20	Current evidence for surgical treatment of MPM MA Hoda, Vienna
10:20–10:40	Case presentations (1): multimodality treatment in MPM (B. Mosleh, Vienna)

10:30–11:00 Coffee break

young future leaders session: CECOG clinical trials in Thoracic Oncology

Chairs: C. Zielinski, Vienna; T. Cufer, Golnik

11:00 –11:10	Introduction & outline C. Zielinski, Vienna
11:10 – 11:20	Current CECOG proposals for clinical studies W. Köstler, Vienna
11:20–11:40	Clinical trials in Thoracic Oncology in the CEE region –pros and cons T. Cufer, Golnik
11:40 –12:00	Presentation of potential ideas for trials in Thoracic Oncology D. Kust Croatia, U. Janzic , Golnik, J. Spasic, Belgrade
12:00 –12:30	Discussion and brain storming (faculty & participants)

12:30 Closing of meeting and outlook
