Welcome Session & Special Lectures

13:00 – 13:50

Session Content:

Welcome on behalf of CECOG, Welcome addresses by local hosts, Colon Cancer: REsponding to Patients' Needs, Molecular Biology: the new frontier in CRR

Coffee Break 13:50 – 14:00

Resectable CRC

14:00 – 15:30

Session Content:

Minimal Invasive Surgery vs Extensive Surgery, Radiotherapy versus Chemotherapy in Early Rectal Cancer, Defining the place of systemic therapy in nonmetastatic CRC: Selection of patients, compounds and duration of treatment, A rational approach for follow-up strategies

Coffee Break 15:30 – 16:00

Advanced CRC, First Line Treatment

16:00 – 17:20

Sessin Content:

First line treatment: Which chemotherapy regimen, which antibody and why?, Biological considerations on sidedness relative to choice of treatment, Second line treatment and beyond, Treatment in KRAS mutated CRCs

Coffee Break 17:20 – 17:30

Advanced CRC, First Line Treatment

17:30 – 18:40

Sessin Content:

First line treatment: Which chemotherapy regimen, which antibody and why?, Biological considerations on sidedness relative to choice of treatment, Second line treatment and

Welcome Reception at the Venue 18:40 – 19:30

Saturday, March 08, 2025

08:30 – 09:20	Case Presentations by Young Oncologists <i>Case presentations submitted by the participants and three will be selected by the scientific committee</i>
09:20 – 10:10	Novel Compounds and Strategies for the treatment of mCRC Session Content: <i>Immunotherapy, Treatment of Molecularly Mutated mCRC</i>
<i>Coffee Break 10:10 – 10:20</i>	
10:20 – 11:05	The importance of patient advocates Session Content: <i>Model Colorectal Cancer Unit at Low Silesian Oncology Center, Oncology coordinator in colorectal cancer patient care, Personalized medicine in the treatment of colorectal cancer from the patient's perspective</i>
<i>Coffee Break 11:05 – 11:30</i>	
11:30 – 12:10	Young Future Leaders Session <i>Case presentations on the use of precision medicine in CRC presented and discussed by young oncologists – Discussion by Faculty</i>
12:10 – 12:50	Interdisciplinary Discussion <i>Defining the needs of patients with colorectal cancer and access to modern compounds: Successes and shortcomings</i>
<i>Coffee Break 12:50 – 12:55</i>	
12:55 – 13:25	Nursing Issues in CRC <i>Proper communication between MDT and the patient ensures the success of effective therapy.</i>
13:30	Closing remarks
