

Friday, April 4, 2025

13:00 – 13:15	Welcome Session
	<i>Welcome words by the Scientific committee</i>
13:15 – 14:00	Metastatic Cholangiocellular /biliary
	Session Content: <i>Lung cancer screening - where are we exactly?, Overview of TNM 9 - lung cancer, pleural mesothelioma and thymic malignancies, Navigation bronchoscopic techniques for pulmonary nodules</i>
	<i>Satellite Symposia 14:00 - 14:20</i>
	<i>Coffee Break 14:20 - 14:35</i>
14:35 – 15:30	Resectable NSCLC - rapidly changing treatment paradigms
	Session Content: <i>Surgery for resectable NSCLC - when and what?, SBRT for operable and inoperable NSCLC, Perioperative systemic treatment for resectable NSCLC</i>
	<i>Satellite Symposia 15:30 - 15:50</i>
	<i>Coffee Break 15:50 - 16:05</i>
16:05 – 17:30	Locally advanced and advanced NSCLC
	Session Content: <i>Histology and molecular pathology of NSCLC, Update on the treatment of locally advanced NSCLC, Treatment of oncogene-addicted advanced NSCLC, Treatment of non-oncogene-addicted advanced NSCLC, Oligometastatic NSCLC</i>
	<i>Coffee Break 17:30 - 17:45</i>
17:45 – 18:25	Palliative and supportive care in metastatic lung cancer
	Session Content: <i>Interventional bronchoscopy options for palliative patients, Optimal supportive therapy in lung cancer patients</i>
	<i>Welcome Reception at the Venue 18:25 - 19:30</i>

Saturday, April 5, 2025

09:00 – 10:00	Pleural Mesothelioma – whats new?
	<p>Session Content:</p> <p><i>Update on histology and molecular pathology in PM, Is surgery still indicated in PM?, The current role of radiation in PM, Systemic options including IO in PM</i></p>
	<i>Satellite Symposia 10:00 – 10:30</i>
	<i>Coffee Break 10:30 – 10:45</i>
10:45 – 11:45	Case Presentations by Young Oncologists
	<p><i>Case presentations submitted by the participants and three will be selected by the scientific committee</i></p>
	<i>Satellite Symposia 11:45 – 12:05</i>
	<i>Coffee Break 12:05 – 12:15</i>
12:15 – 13:15	SCLC and Thymic Malignancies
	<p>Session Content:</p> <p><i>Biomarkers in SCLC – is there any progress, Systemic treatment of SCLC (including novel approaches), Thymic Malignancies: Current standards in treatment</i></p>
	<i>Satellite Symposia 13:15 – 13:45</i>
13:45 – 15:00	Hot topics in Thoracic Oncology
	<p>Session Content:</p> <p><i>NGS and ctDNA in diagnosis and follow up of NSCLC, What is the optimal duration of immunotherapy in NSCLC?, Resistance mechanisms to immunotherapy – how to continue the treatment., Exon 20 insertions, KRAS G12C, NTRK – are the paradigms changing too fast?</i></p>
15:00	Closing and Farewell
